This is the exact time for you to start reading. Also this is not printed publication Across The Lines By Carolyn Reeder; it will specifically provide even more benefits. Why? You could not bring the published book Across The Lines By Carolyn Reeder or pile the book in your property or the office.

From School Library Journal

Grade 5-9. A novel about the Civil War that takes place from May 1864, to May 1865. The story has as much introspection as action as the author shows the coming of age of two childhood companions, one black, one white. Edward (about 12), his mother, younger sister, and older brother abandon their plantation home as Union soldiers advance. They are taken in by Edward's aunt in Petersburg, a town approximately 25 miles from the Confederate capital. Edward's manservant and constant companion, Simon, has run off to taste freedom. Told alternately in Edward and Simon's voices, the story relates both of their experiences during the war. Freedom, choice, and self-respect are constant themes as are the needs and demands of friendship. The novel gets off to a slow start but picks up each time Reeder ties the action to real events. Food and paper shortages are capably described and become more than plot devices; they provide psychological clues to Edward's growing sense of self. Historically, Petersburg was significant because of its railroad lines and munitions storage. Reeder uses the setting to focus attention on the way one family endures the hardships of war. Along the way she draws fine characters, including Aunt Charlotte, a strong, independent woman who understands war as the power of evil. A solid piece of historical fiction. Harriett Fagnoli, Great Neck Library, NY

Gr. 4<sup>^</sup>-7. Just before his family flees from the Yankees, who soon capture their Virginia plantation, Edward searches without success for his slave and lifelong companion, Simon. Hidden in the chimney, Simon waits for freedom and finds himself making his own way in a land ruled by the forces of war; Edward and his family are caught up in the siege of Petersburg. Simon and Edward struggle with issues of freedom, courage, and friendship in surroundings that are new to them and sometimes quite frightening. The point of view shifts from one boy to the other throughout the novel, ending a year after the plantation's capture when both boys return there and catch a glimpse of each other. The boys care but acknowledge that things will never be the same, speaking wordless volumes with a distant hand gesture in their secret language. The switch back and forth from one boy to another breaks the narrative flow at times, but there are few Civil War books for children that explore the reality of war or the subtlety of race relations as sensitively as this involving novel. Reeder shows great respect for her readers by presenting a many-faceted view of these complex issues, which are all too often simplified to the point of distortion by writers eager to present their own points of view. With believable characters and an eventful plot, this novel offers a memorable, convincing view of the

## Civil War through the eyes of Simon and Edward. Carolyn Phelan

### From Kirkus Reviews

Reeder (*Shades of Gray*, 1990, etc.) returns to the era of the Civil War for this powerful, moving story of friendship, loss, and courage. In May 1864 the Union forces are massing along the Appomattox in preparation for the siege of the supposedly impregnable Petersburg, and Edward's family must flee their plantation, Riverview, to stay with a relative. In the confusion, Edward's slave and best friend, Simon, runs off to freedom. Too young to join the Union Army, he finds work doing odd jobs for the Yankees. He misses Edward, but the sight of the black Union troops, who show incredible courage in the opening battles of the siege, make him aware that there is no turning back for him. Edward misses Simon, too, and chafes at life under siege, with the constant shelling and his inability to help in the war effort. For both boys, war becomes a crucible: Simon struggles to find a place and true freedom with the Union forces; Edward watches with envy as his arrogant older brother goes off to join the Rebel forces, only to fall ill with a terrible fever that can only be brought down by doses of quinine--available behind enemy lines in the Union hospital. There are no easy answers in this clear-eyed evocation of the cruelty and dangers of a tragic war; Reeder casts problem after problem before her young protagonists, and allows them the strength and character to fend for themselves on the way to finding solutions. ## **ACROSS THE LINES BY CAROLYN REEDER PDF**

Twelve-year-old Edward thought of Simon as his friend and never imagined life without his companion and slave. But when the Union army invades Virginia and takes over Edward's family's plantation, Edward's family flees to nearby Petersburg, while Simon runs toward freedom. With terrific detail and historical facts woven throughout, the author crafts a story set during the actual siege at Petersburg, complete with battle scenes, descriptions of army life on both sides of the war, and what life was like, told from the point of view of two young boys--one white and one black.

Great book for 6th grade reading

By JT

Had our 12 year old son read this for his 'Reading Counts' book in 6th grade English class. He said that it was a great book, and that's coming from a kid that doesn't like to read much! :). Arrived on time in new condition. Thanks!

Across the Lines review

By A Customer

Inside the chimney parlor Simon concentrated on bracing himself against the sooty bricks " He won't find me." " He won't find me."

Carolyn Reeder's book Across the Lines is about a 12 year old boy named Edward. His parents have a slave named Simon who is a little older than Edward but Simon is more of a friend than a slave to Edward. All thoughts change when the Yankees take over and Simon runs away. Across the Lines will teach you that friendship is stronger than anything, even a cold blood war.

People might think this book is only for boys but it will interest all. This book is historical fiction and has interesting fact like the Yankees had more food and were richer than the Confederates. If you like to read a lot and you like adventure books you will like this book.

Interesting

By Green Marker Girl

My school required me to read this book as I went from sixth to seventh grade. I must admit, at first, I was very confused. The story line moved so quickly, and books about wars tend to be confusing. But as I sank deeper into the story, it became more rapid and expressive with each page I turned. It got to the point where I couldn't put it down. If you plan to read this by your own will, you ought to be careful. You should be an experienced reader, and maybe have a thesaurus nearby. Other than that, an exceptional book.
