AFRICAN DAWN BY TONY PARK PDF

In the broken country that is Zimbabwe, only the strongest can survive. Three families - the Bryants, the Quilter-Phipps, and the Ngwenyas - share a history as complex and bloody as the country itself. Dedicated conservationists Paul and Philippa Bryant face an enormous struggle: to save their farm and small herd of endangered black rhinos from corrupt government minister Emmerson Ngwenya. Twin brothers, ex-soldier Braedan and environmentalist Tate Quilter-Phipps join the fight.

But the brothers' own history is fraught, and when they fall in love with the same woman, Natalie Bryant, their rivalry threatens to not only derail the attempt to save the rhinos, but also puts the lives of all involved at risk. And with Emmerson vowing to stop at nothing until he has control of the farm, a bloody showdown seems inevitable.

With blood feuds still to settle, every one of these players will be drawn into the fray, and not one will remain unscathed.

A great African adventure story with a true historical background

By Suncoast

I have read and enjoyed most of Tony Park's books and this is probably the most challenging one as it covers the dangerous and disturbing history of Southern Rhodesia under Ian Smith through to the current day disastrous dictatorship of Robert Mugabe.

This story is based on the lives of 3 families, 2 white and one black, during that tumultuous time. Tony's love of Africa, especially the wildlife, shines through once again via his "good" characters, both black and white. He does not shy away from the violence and hatred of the time and the people who made that happen.

I like novels with a historical background that tell you more about the era - this is an era which has not featured in many novels and Tony brings it to life brilliantly. Tony Park writes great adventure stories set in Africa (he has been called the modern day Wilbur Smith). He lives in Australia but spends a lot of time in Africa and his love of Africa is a major feature of all of his books.

I purchased my Kindle copy at a reasonable price when it was first released in August 2011. Since then the Australian publisher has almost doubled the price and it is now around the same price charged for the print version in local discount department stores. Unfortunately for Tony this will definitely have a negative

impact on Kindle sales of this book. Many Australian publisher prices for new Kindle releases are now the highest in the world.

Another brilliant read!

By Melissa Andrews

Another brilliant piece of work from Tony Park! So many twists and turns, couldn't put it down once I had started reading. As is the case with all his books, I enjoyed every page and can't wait for the next one to come out.

African Dawn

By Isabella Bailey

Tony Park has moved another step forward in excellence. I've been an avid reader for 45+ years and Tony sits at the top of my list of recommended authors. African Dawn is a book I could not put down. Great character development with a story line you can sink your teeth into. Well researched. A true African thriller! I loved it and now my husband can't put it down. We can hardly wait for Tony's next book!
