From the Back Cover

On July 23, 2011, Amy Winehouse's family, friends, and fans around the world mourned the tragedy that this remarkable, talented, and extraordinarily generous young woman was now gone.

In this intimate and tender account, her father and confidant, Mitch Winehouse, offers an inside view of Amy's life. Sifting fact from fiction, he details the events and the people that shaped her youth, sharing how she honed her distinctive sound, created her unforgettable look, and channeled her own life into hits such as "You Know I'm No Good," "Rehab," and "Back to Black." Mitch holds nothing back about Amy's addiction to drugs and alcohol, mixing the painful with the poignant as he describes the realities of her dependencies and the toll they took on the family and friends who refused to give up on her. He also exposes the years of behind-the-scenes drama that consumed his life and explains how, for those who knew Amy in her last months, the greatest tragedy of all was that she died just when she finally appeared to be conquering her demons.

Amy, My Daughter is an emotional journey into music, addiction, and the unbreakable bond between a daughter and her father.

About the Author

Mitch Winehouse is the father of Amy Winehouse and a lifelong resident of London who worked for many years as a taxi driver. The founder of the Amy Winehouse Foundation, Mitch is also a jazz vocalist whose most recent album is titled Rush of Love.

The Narrative of this Book is about Amy's Addiction to Drugs and its Effect on her Loved Ones

By Jason S. Stokar

On her Frank B-side song, "Best Friends" Amy sings, "And it's easy to smoke it up, forget everything that's happened in between".

And that lyric basically sums up her life between 2007 - 2011. This book is about Ms. Winehouse's struggle with addiction to alcohol, hard drugs and her "bad boy" husband. Amy's story here is told through the lens of her father, which is endearing but also leaves the reader wondering what exactly was going through Amy's mind (and it's a mystery that the elder Winehouse repeatedly admits to struggling with throughout the book).

Mitch Winehouse does a great job of illustrating how powerful addiction is - think Requiem for a Dream - style tragedy but in biographical form. That is what it is like to read this book, but there is no artistic element, Mr. Winehouse is simply recounting his experiences in a linear and very matter-of-fact tone.

I have both sympathy and respect for Mitch Winehouse -- handing out Amy's clothes to grieving fans was a remarkable gesture. But as I finished the book, I couldn't help but dwell on Amy. The book is really Mitch's story - not hers. It centers on what it's like to have an addict child who achieved international success at a young age, and what he did to try to save her. He seems liberated by her death but unsettled by the turn of events that led up to it. But even with month-by-month descriptions of her life, I still feel like I don't know her story. For that, her music is probably the closest I'll get.

But this is a 4-star book nonetheless, simply because it's engaging and full of suspense and dramatic irony. And readers will definitely find themselves YouTubing clips of some of the events that happen in the book. And Mr. Winehouse's proceeds are all being donated to the Amy Winehouse Foundation.

In conclusion, Amy Winehouse still remains a mystery, and that's probably for the best, because it makes her even more sensational. But this book will at least fill in the spaces between the spaces of a story her fans lived through.

Amy was the morning, now she's gone...

I feel bad for anyone who has lost a child, but at times I wanted to yell at Mitch Winehouse

By Mary Lavers (in Canada)

I do feel bad for Mitch Winehouse. No matter what else you may say about him, he is a father who has had to bury a child, and that's an experience no one would wish on another. So it's hard for me to criticize him too harshly because, at the end of the day, he's a grieving father and he has a right to his own memories and his own side of the story. He did, however, translate those memories into a book for everyone to see. So I can't read the book without criticizing him just a little.

Amy Winehouse was a troubled person with a serious addiction to drugs and alcohol. She was also a singular talent with a voice that comes along only once in a long while. She made poor choices in her personal and romantic life and died far too young. These are all facts that the whole world could see. And unfortunately her story is not unique. From Etta James to Whitney Houston, her story is one that has been told before. Of

course that doesn't make it any less tragic. Like many fans, I was curious to read her father's book, even if I was a little skeptical about his motives. Was he trying to show the world the "real" Amy? Was he exploiting her death to sell his own book? Or was he just using the whole thing as an opportunity to reiterate that Amy was fine and that the press was just exaggerating everything? Shockingly, it was the last one.

Somehow, despite the fact that he knew his daughter had an addiction to alcohol and hard drugs--an addiction that eventually killed her--and despite the fact that he had tried to get her to go to rehab many times, Mitch Winehouse still managed to spin her life story as "not that bad." Numerous times throughout the book he recalls incidents in which people told him that Amy was doing drugs but he responds by insisting that she wasn't or that it was greatly exaggerated. Even his stories about her rehab stints are filled with his own enabling behaviour, like helping her find "alternatives" to rehab that she would find easier (i.e. easier to sneak drugs into). I know it must be an impossible situation to live with an addict, particularly if it's your own child, but sometimes I found his stories maddening.

She obviously was not fine, even if her Daddy thought she was.

Disclaimer: I received a digital galley of this book free from the publisher from NetGalley. I was not obliged to write a favourable review, or even any review at all. The opinions expressed are strictly my own.

Bittersweet, yet page turning.

By Kah628

Downloaded this to my kindle today. I have always been fascinated with Amy Winehouse's story since she is truly my favorite singer of all time. After her death I got my hands on anything new attached to her name. Both this and Lioness are my keepsakes since she's been gone. I have started reading this book and quite frankly I think it is good so far. Mitch Winehouse is not an author and does not pretend to be, yet the story of Amy's existence is very engaging. He writes honestly and candid and gives us the peak into an Amy many people never saw. It's a page turner for myself and I definitely recommend it to Amy Fans alike.
