Excellent plot with well developed characters...

By Missouri Mule

I wasn't particularly expecting much other than the schoolboy trope so common in yaoi, but I was happily surprised. The story is about schoolboys, certainly, but the characters are well developed and relatable, with a solid plot, generously sprinkled with humor. The boys' frustrations with school and adult rules, their trying to find their way into the world, and how to manage their passions into a way of living, as well as managing old and new friendships, are difficult enough, but trials and tribulations are made even more difficult with the sinister presence of a predatory teacher. The man is obsessed with Johann, and takes advantage of the boy's social vulnerability and insecurity to force a relationship with the youngster. The volume ends on a whopper of a cliffhanger, and I can't wait for the second volume.

Beauty and Plot, what else could you ask for?

By Nyan

Hoooly crap really good. It doesn't move ridiculously fast and actually has depth to it to some degree. The art style also keeps me interested in the facial expressions more. :)

Behind Story Volume 1

By Lucrecia Graña

Good start to what it looks like a story I'm going to really enjoy.

Love the art too ^^

Can't wait!
