This *Branded: Fall Of Angels By Keary Taylor*, as one of the advised readings, has the tendency to be in soft data, as all of book collections here. So, you could also not get ready for few days later to receive and review the book *Branded: Fall Of Angels By Keary Taylor*.

## Review

"This is one impressive book. The storyline of this book is unlike anything else that I have ever read. Taylor creates a unique and terrifying image of angels that will intrigue all readers. This is definitely a must read for paranormal romance lovers."

- Jackie (The Book Whisperer blog)

"Branded was a thrilling and unique novel. The refreshing quality in the storyline surpassed any angel stereotype I've read so far. Keary is an indie author who has the ability to move her readers. I truly cannot wait to see what Keary has in store for us next!"

- Elenie (La Femme Readers blog)

"Taylor has presented a fresh idea with a delightfully independent and strong female protagonist that will keep you cheering for her throughout the story. Branded is, in a nutshell, a rich blend of biblical undertones, the weight of right and wrong, and the quest to save one's soul."

- Melissa (I Swim For Oceans book blog)

## About the Author

Keary Taylor is the author of *BRANDED*, *FORSAKEN*, *VINDICATED*, *AFTERLIFE* (Fall of Angels series), and *EDEN*. She lives on Orcas Island in Washington State with her husband and their two children.

It will rely on your prepared requirements. Yet, we consistently recommend that publications Branded: Fall Of Angels By Keary Taylor can be a terrific infestation for your life.

# BRANDED: FALL OF ANGELS BY KEARY TAYLOR PDF

Jessica's had the nightmares for as long as she can remember. Nightmares of being judged for people who have died, of being branded by the angels. Her friends and family think she's a crazy because of it all. Yet she carries the mark of the condemned, seared into the back of her neck, and hides it and herself away from the world.

But when two men she can't ignore enter her life everything changes, including the nightmares. The two of them couldn't be more different. She will do anything to be with one of them. Even tell him the truth about angels, why she never sleeps, and the scar on the back of her neck. But one of the two has set events into motion what will puller her toward her own judgment and turn her into the object of her greatest fear.

A good idea, poorly executed.

By JCJAG

The Good:

Branded has a very interesting premise: angels are not the glorified beings they're hyped as. Instead, they are the cause for the main character's torment. Neat.

The story line is decent as well. It kept me guessing until the end. It's not all that predictable (except for the romance bit) and the author keeps some semblance of suspense up until the very end.

The Bad:

For one thing, the ending seems very rushed. Taylor manages to cram the entire resolution of the story into pretty much a paragraph. Wow. That's amazingly bad.

The other thing is that Keary Taylor is in dire need of an editor. The writing is unsophisticated at best, with awkwardly stilted sentences and cheesy dialogue. There are some typos as well, such as "tough" instead of "though" and so on. Speaking of which, the mindless repetition of certain words (sometimes, though, etc) made the writing style even clumsier.

The kindle edition is also formatted badly. I don't know how much of this reflects on Taylor as I've never published anything for the kindle. However, it's rather distracting to have random line breaks and indentations in the middle of sentences.

There were a few indescrpenencies as well. Not huge ones, but noticeable: after one nightmare, Jessica notes that her skin is almost as flawless as an angel's. Then Alex walks in and says that she looks awful, and she agrees. What? I thought her skin was flawless! Her father also sends her a letter in the mail asking where she was, as he apparently has no clue where she is. If he has no idea what part of the country she's in, how did he send the letter?

The romance was not fleshed out well at all. Paramour "Alex Wright" is blatantly Keary Taylor's unrealistic dream Mr. Right. He's gentle and understanding to a fault, gorgeous, has a good sense of humor, filthy rich but doesn't have to work, tolerant of Jessica spending time with other gorgeous men, adaptable, an excellent kisser, enamored with her, single, and an excellent cook. And is so infatuated that he's willing to lay down his life for Jessica after only knowing her for a few months. Wait, haven't I read this romance before? Oh, it's Bella and Edward without the stalking.

Speaking of which, there's no reason given for why Cole and Alex (both beautifully unrealistic fantasy men) are so infatuated with Jessica. Her awful appearance brought on by a lack of sleep is mentioned multiple times per chapter, she's unbelievably socially awkward, and is essentially a hermit. Oh, and she acts very distant with both of them. Hm. Jessica Bailey, thy name is Mary Sue.

Overall, a good idea, poorly executed.

An okay read

By Amazon Customer

Keary Taylor brings something new to the popular angel trend with her novel, Branded. The idea of a girl standing trial, night after night for things she never committed is definitely a unique and very appealing idea.

I liked Jessica. She was easy to slip into yet I felt horrible for her. She lived a very hard life, never being able to sleep, never really being able to connect with anyone because of this burden that had been placed upon her as a young child.

The descriptions in the story were very well written. I could see the council, feel as if I were there knowing all the terror she was put through. This led to a nice mystery of why this was always happening to her. And while I liked the suspense, sometimes I felt like the fillers of daily life seemed to drag the book down some. It was easy for me to skim over some parts because I didn't really feel them relevant to the story.

Alex and Jessica's relationship was a bit rushed, but played a very important role to the story and Jessica's need to survive all the things that were happening to her. Hints are dropped here and there of why Jessica was standing in for others, and why her nightmares were suddenly beginning to change. When handsome yet very suspicious Cole came around the story, the plot picked up, and kept me more in glued than the beginning did.

While I guessed a good part of Branded, the ending completely took me by surprise! It was well played, and I'm really curious of where the author will take Jessica's life in the second book, Forsaken.

I like to think that miracles exist

By Amazon Customer

I like to think that miracles exist, and that I have to be careful, so no one else has to pay the price for them. And the way the Alex show the love for her... you have to read if you like angels and demons stories, looking forward to read forsaken!
