Beautiful Book

By Tyler

I had been wanting this book for a long time, and now that I finally have it, I'm in love with it. The artwork is gorgeous, it was one of the things that stuck with me even after I finished the game, and having it all compiled in this book is fantastic. The lore and excerpts were great, I absolutely love the world of Dishonored. It's one of my favorite games ever, and this book is a true gem that I am delighted to have on my shelf. I'm even more excited for Dishonored 2 now! I NEED IT!!

5 glowing stars.

Revisit Dunwall again

By Parka

[[VIDEOID:37798b15f453910d588edef43693bbbf]]Dishonored: The Dunwall Archives is a nice companion book that adds to the story of Dishonored through excerpts gathered from individuals from Dunwall and other sources.

The book's a hardcover somewhere between A4 and A5 size. The 212 pages are filled with a mixture of artworks and text.

The excerpts could be stuff like lyrics to the songs sang by sailors, dialogue from a theatre plays, observations from travelers' journals, Overseer's findings, etc. All these provide pieces of information that adds to the world created by the game. You'll be able to learn more about certain people, government

officials, the Empress, Rat Plague, whaling or even how to operate a butcher's saw. Basically, you get a different perspective of how things are, the other side of the story as told from various sources.

The artworks are wonderful. Unfortunately, there isn't a dedicated artbook for the game, so you'll have to make do with the selected pieces of artworks included in this book, which are mostly full coloured concept art.

It's an interesting book of art and fiction of Dunwall by Arkane Studios and Bethesda Softworks. Recommended to Dishonored fans.

This is not an art book

By DomZ

Seems Arkane Studios is gonna keep the game's breathtakingly beautiful artworks in their vault for longer time. This is not an art book, this is a novel-size essay collection with pictures, basically 50% texts, 50% artworks. It includes the notes and novels you can find in the game, printing them nicely in this book.

Pros

- High-quality printing
- Contains a few artworks and texts that never seen before

Cons

- This is NOT an art book T\_T

Though it's the only official Dishonored print available. Still Love it.
