This book is hands down one of the best books I have ever read

By Andrea Jackson

This book is hands down one of the best books I have ever read. The structure and choice of metaphors also serve for Lavoe White's purpose of attacking morality, human nature and spirituality which can arguably be seen as being at the heart of the novel. Lavoe takes the reader on a journey of highs and lows that keep you on the edge of your seat. Throughout the entire book I was on a journey from the Smallwood Plantation to the present day. While reading this book, I fell in love, cried, hurt and every emotion in between. This is a MUST read. I can't wait for Lavoe White's next literary work!!

PHENOMENAL....Epiphany Raynes should be on the best sellers list!!!

By Vet

I have enjoyed every book she has written so far. I was not surprised by the exceptional story or awesome writing. This is truly a book that any and everyone could read and truly enjoy. My daughter read the book in one night, a friend contacted me when she was done & gave it rave reviews too. I read it slow because I knew it was going to good & like her other books you don't want it to end. Don't sleep on this one & you will not once you began(member of The Pageturnners Bookclub STL)
