Plagiarized Text book

By rklscp

I recently bought this book from here. To my shock, this book is a word for word copy of Prof. James Lee's (Professor Emeritus, Chemical Engineering, Washington State University) popular text book (Biochemical Engineering - ISBN 0-13-085317-8)!! It is a shame that the publisher published this book without even cross checking!! Dr. Lee's book can be downloaded online for ~\$25.

This book is a word-for-word plagiarism of a previously existing book.

By Young Jean Lee

The first ten chapters of this book are a word-for-word plagiarism of "Biochemical Engineering" by James M. Lee, published in 1992 (ISBN 0-13-085317-8) by Prentice Hall. The original book is available for download at [...] for \$25.95 (\$10 for instructors).
