PSYCHOLOGICAL AND SPIRITUAL HEALING FROM EMOTIONAL WOUNDS

A revised and expanded version of the 2006 First Edition called
Healing: Emotional Hurt and Giving the Pain to God.

You cannot surrender your pain and suffering to God if deep in your heart you persist in clinging to psychological defense mechanisms which shield you from that very pain.

There is nothing wrong with psychological defenses. In fact, they help to protect us from emotional injury. But if you cling to the defense mechanisms that were created in your childhood and carry them on into adulthood--as most everyone does unconsciously--your quest for spiritual healing will be thwarted by overwhelming resentments and conflicts.

Still, God has been trying to show you that there is more to life than resentment and conflict, something so beautiful and desirable that only one thing can resist its pull: hate.

So now, and in every moment until you die, you will have a profound choice between your enslavement to old defenses and the beauty of God. That decision has to come from you. You will go where you desire.

Part One: The Unconscious | Victimization | Spiritual Purgation | Compunction | Healing | Four Steps to Humility | Fear | Wretchedness | Desire and Motivation | Outside the Box | Boundaries

Part Two: Blame and Responsibility | Defenses and Illusions | Disasters and Trauma | Evil | Good from Evil | Love | Meeting Your Enemy in Heaven | Mercy | Pride and Honor | Refusing Mercy | Self-love | Sin | Suffering | Temperament

Appendices: When You Don't Know You're Sick | Blind to Your Own Anger | Coping with Distractions | Dream Interpretation | A List of Emotions | Spiritual Fruits

Wonderful treasure!

By Stella Spei

Oh my! If the first edition was rated 5 stars, this book deserves 25 stars! My heart is in my throat, the good doctor writes with overwhelming kindness and compassion. I never heard anything explained with such clear-cut but gentle truth. Sometimes “pruning” feels painful, but everything fits together: not hating others, not hating myself, respecting my body, purity of life, trusting in God. The mysticism of love makes sense now. Searching for happiness doesn’t find healing. If I had this book when younger my life wouldn’t be the big mess it was. Just like the doctor says, my faith was all in my head, I was afraid of honesty with anyone. How we fool ourselves! I feel overjoyed for this treasure of rich spiritual food and already put it to use in my life and my family. We need someone teaching like this. Thank you, thank you, thank you so much!

If you are wounded from addiction or any other kind of life problems, read this book. Learned a lot, found it extremely helpful as I have struggled with deep emotional wounds my entire life. so thankful I bought this book. I am leery of paying more than \$20 for any book, but the value of this book is much more than that.

Psychological AND spiritual

By Phantom Heart

Excellent for helping one uncover psychological defense mechanisms that were created in childhood, and keep operating in adulthood to hinder our life. Dig out the resentments, the pain, the conflicts that you aren't even aware of, and get them out of the way. Brings together psychology and spirituality, for a total healing process.
