(Willis). NEW AND IMPROVED! Recently re-engraved and updated, John Thompson's Adult Piano Course was compiled with the mature student in mind. Adults have the same musical road to travel as the younger student, but the study material for a mature student will differ slightly in content. Since these beloved books were written and arranged especially for adults, they contain a wonderful mix of classical arrangements, well-known folk-tunes and outstanding originals that many will find a pleasure to learn and play. Most importantly, the student is always encouraged to play as artistically and with as much musical understanding as possible.

By Jane Jetson

Decided to get this book for a Sunday School class member who is beginning to learn keyboard and took a look at it and realized that one thing I missed in my years of playing was identifying the notes by "saying them out loud." I'm going back to the drawing board myself. This could be the reason I could not get a grasp on playing chords. Who knows.
