# LILLITH'S HAREM (LILITH'S HAREM BOOK 1) BY FAUSTUS CROW PDF

A gnarled old horned Goat of a rebellious Sorcerer Artist called Faustus Crow has conjured up a most wanton Succubus named Mephistophina amidst his triangle of art lucid dreams, with whom he has entered into a Coitus Pactum. Mephistophina informs Crow, as his Artists Muse, on how to enter into alternate realities via his occult paintings, which become as trance doorways into other dream worlds. Crow's dreams start to become more real than his present reality, who soon finds himself entering into a hellish alternate reality of a Steampunk Londonium. It is amidst the labyrinthine guts of an alternate Londinium, Crow meets up with the Queen of Succubae called Lilith, whose salacious feminine wiles invariably seduces Crow to become involved in an ongoing war spanning the myriad alternate worlds of the multiverse. First book of a Surrealist Occult Science Fiction series. Adult themes.

(Please Note: Lilith's Harem is not intended to be a How To Do It Work-Book. Lilith's Harem is in a similar vein to Hermann Hesse's Faustian novel, entitled: Steppenwolf. In general, Hesse's Steppenwolf is a symbolist autobiography, which is interwoven with his surrealistic dreams.)

For those of a certain make

By Nae Bliss

Lilith's Harem is hard book to review. It's the type of work that can be the holy grail of dimensional shifting for one reader and absolute nonsense to another. Much like everything else this author does it's pretty much an all-or-nothing offering, either you're in the know-how and have the necessary baggage to tag along or the work simply gives the impression this writer lost his marbles early in life. Faustus Crow makes zero compromise in favor of his image, something I wish more writers had the balls to do.

Those that are magically inclined and have followed Faustus Crow on his blogs might have thought "this is all very interesting but what does it really accomplish?". Lilith's Harem answers that question with powerful intent. Through clever manipulation of conscious and unconscious symbols, the shared collective consciousness and an affinity with the divine feminine current Faustus manages to shift from one all-inclusive reality to another. In doing so the author finds a alternative-world version of himself through which he attempts to solve a universal imbalance and, lest we forget, has a pretty good time doing so.

I would highly recommend this book to people experienced with lucid dreaming, out of body experiences, Castaneda-esque sorcery and more western forms of magick such as evocation or invocation. Faustus Crow - while never taking you by the hand or explaining overly much - gives a impressive detailing on connecting

with alternative selves and inter-dimensional manifestations of cosmic currents, through which the author discovers how "As above, so Below - As within, so without" means the same concepts manifest on all levels of creation.

If you always wanted to have a real succubi experience, are curious just what the much discussed Lilith and divine feminine are about or want to improve your shots at controlled lucid dreaming this book can't be missed. I'm giving this five stars with that specific audience in mind.
