Twenty-four-year-old Jesse Turner is a young assistant working for a prestigious corporate firm. Up to his knees in student loan debt, Jesse needs to hold on to his job to get back on his feet.

His situation gets sticky when his boss, billionaire magnate Jonathan Cromwell, catches him going through his private laptop and flies off into a rage.

Desperate to hold on to his job, Jesse tries his best to convince Jonathan that it is all a misunderstanding because he absolutely doesn't want to be fired.

But little does Jesse know that Jonathan has no intentions of firing him, because he has a secret plan for him....a plan that will change his life forever!

Only for die-hard shifter fans

By Lasha

2.75 stars

It seems like a new crop of M/M books with the same synopsis and closely related titles -- Claimed by the Alpha, Mated to the Alpha, Taken by the Alpha -- you get my meaning, have overtaken the Top 100 List. Now that isn't a BAD thing, as I love gay shifters and male pregnancy, but the common theme is all these books upon further reading is that they have the same, exact plot. And quite frankly, its getting boring; even to me, a die-hard shifter lover.

"Mated to the Billionaire Alpha" suffers that fate. We get a jerk main character with a secret (he's a furry beastie) and a twinkie guy who works for him. In my opinion the jerk boss never recovered from his jerk-like status so I wasn't buying why his twinkie employee would fall in love with him, let alone sleep with him! Plus, the mpreg is in the epilogue, its told not really shown and made no sense in the context of world building. It was never explained how a human man got pregnant and EVERYONE just accepted it and didn't freak out. So, very poor execution on the backstory and world building in this universe.

I guess you are looking for an erotic tale of a shifter billionaire and his human lover in a very short read, this book might be for you. However, I require a little more plot and explanation on why a dude can get knocked

up, even with shifter abilities. I think if this book had been 20 pages longer and had developed the characters more fully, this could have been a great read. But grammar problems, a fore mentioned plot and characterizations issues made this a slightly dull read.

This is by far the worst book I've ever read this year

By Hommy

This is by far the worst book I've ever read this year! And yes, I know I've given that award to some other book but I think it is justifiable to say that this book easily snatched away the Worst Book of the Year 2015 award. The characters were one-dimensional and shallow. Okay, I get the one-dimensional aspect because most of these Free Kindle Unlimited books tend to have one-dimensional characters and I have more than enjoyed some of them. However, this book had me making disgusting faces and grunting until I finally finished it, because once I start a book I make sure to finish it no matter what.

The writing seemed like the uninspired imagination of an 8th grader and it was just painful to see the thought process of Jesse and how he was upset his cousin told him he couldn't land a straight guy, like that was the biggest he had. He was shallow and vain and that just more than pissed me off. The "Alpha" was annoying as hell and there was no explanation for his abrupt departure after basically brutalizing Jesse's mouth during that blow job scene and then Jesse forgives him just from a few honey-coated words, really? And then there was the end where the author tries to show retribution for Jesse by describing his cousin, Daniel, as having changed in appearance and not for the better and his boyfriend was "skinny and nerd-looking" (or something like that). What is so bad about being skinny or being a nerd. I happen to enjoy reading about skinny nerds or fat nerds! And, of course, Daniel and his boyfriend pale in comparison to beautiful Jesse (who keeps checking a mirror to see if he's still beautiful and has a bubble-butt) and his ever-perfect, super-rich, absolutely-gorgeous boyfriend Jonathan. UGH! So, yea this book was HORRIBLE, so glad I got it for free and I definitely am no ever gonna trust reviews again, especially when there are only 2 reviewers.

You might also decide to take my word for it, or don't trust my review and go ahead to read it. Never gonna recommend this to anyone!

Huh

By amanda

I was expecting more sex what this is OK. There was a lot of story but not a lot of sex
