Nowadays, modern technology really assists you activities, this online book Meet At The Ark At Eight By Ulrich Hub, is too.

MEET AT THE ARK AT EIGHT BY ULRICH HUB PDF

News reaches a pair of penguins that a great flood is coming to destroy the earth -- and that they are the only two penguins who have been chosen to board Noah's Ark. They decide, however, to smuggle their friend aboard in a suitcase, and a wild forty-day journey ensues.

This creative twist on the classic biblical tale encourages readers to ask questions about God, though it never presumes that the answers will be quick and easy. Ulrich Hub's humorous, yet thought-provoking retelling of this well-known Bible story is complemented by Jörg Mühle's witty illustrations.

A hoot of a retelling of Noah's ark

By MaineGirl

My 9 year old daughter and I read this short book in a few sittings and found it charming and funny. The author takes a perennial favorite story, Noah's ark, and turns it on its ear. Younger children might simply find the story fun. The two chosen penguins don't want to leave their young, irascible, yet endearing friend behind when they leave for the ark. So the two smuggle him aboard in a suitcase. The high jinx are wonderfully illustrated by [[Jörg Mühle]]. Discerning middle readers might pick up on more difficult questions, such as Why would God choose to punish even animals with the deluge? Why does the young penguin commit an evil act? Why is he forgiven? Can even God make mistakes? And there is an even subtler layer. The author has chosen to make the two penguins chosen to be saved on the ark male. Only through a careful watch of pronouns is this obvious. And when the two penguins disembark, there are indeed three of them, although

through adoption/friendship not procreation, and one of them marries a dove. So whether the book is enjoyed as a witty children's story, a religious thought-provoker for middle readers, or a social commentary, I would recommend zipping through it for it's unique take on an old story.

Note: I read an uncorrected proof.

Finally a book that gives readers a choice!

By Mari LaFore

This book is delightful! My family and I saw the play performed and that too was hilarious I started reading it on the bus on my way to give it to my granddaughter and couldn't stop laughing. but on the serious side It represents being given a choice which any self righteous reader will flinch at as I noticed from some of the reviews. So sad that judgment still reigns in some religions!

I loved it!

By Oropher505

I loved it! It is both a funny penguin story and quite thought provoking on a different level as labfs39 already said. I read it in German and the writing itself was witty too. 5/5 penguins!
