Neofax 2011 is the foremost drug and nutritional reference manual to aid in the treatment of neonates. It is essential for all neonatal medical professionals in order to correctly prescribe, calculate dosing, formulate, and administer critical drugs and parenteral nutrition for infants. Covering more than 180 substances, it helps reduce medication errors and decreases time spent ordering and compounding. Neofax 2011 is a standard reference in neonatal intensive care units around the world.

Neofax

By Denise Monk

This is a wonderful reference book for neonatal iv meds. It is used in the hospital and is very user friendly.

1 of 1 people found the following review helpful.

neo fax

By Mireya Soliz

Its a real shame that Reuters does not print out books anymore. Our nurses would like a 2014 printed edition.

0 of 0 people found the following review helpful.

Practical for clinical use

By Apple

The drug dose for premie was inconvenient to find in website or general pediatric drug book. It is good for Nicu worker to do better in their work.
