I preordered Paper Cuts (How To Be Dead Book 2)so that it would appear on my Kindle the moment that the file became available be

By Rabid Readers Reviews

I do not know Dave Turner. I did not give birth to him or give birth to any of his children. I got his first book as a free download and read it on vacation last year. I preordered Paper Cuts (How To Be Dead Book 2)so that it would appear on my Kindle the moment that the file became available because I just loved How to Be Dead THAT much.

So what did I like so much about Paper Cuts (How To Be Dead Book 2)? Marry Neil Gaiman and Terry

Pratchett and their offspring will be Dave Turner. Turner's fiction is the world underneath ours that the average person simply can't see. Death occupies an office in a fairly upscale part of town and shares space with monkeys writing on typewriters recently rewarded with a major studio deal. Turner's clever humor is breathtaking.

That Death and his cohorts decide that they're not going to play the game of a man they've never met was intriguing. When the world does seem to be ending, it could be the work of their frenemy, Beelzebub.

If you like social commentary presented in a clever package, fantasy or authors like Neil Gaiman, Terry Pratchett or Douglas Adams, pick this novel up immediately if not sooner. You will not regret the purchase.

Fun and entertaining

By John Galt

More like 4.5, but I'm a little picky.

I'd never heard of this author before this series, it was a really pleasant surprise to discover him.

The characters are fun, the plot a little predictable and slow but very well written so you don't really mind. Also the dialog and banter are engaging and entertaining, and there were enough interesting clever ideas/twists to keep things going.

I have read this and the previous book, and would be happy to see (and buy, and read) another installment in the series.

Reminiscent of A Lee Martinez (and a little of Terry Pratchett), if your a fan definitely give this a go.

Immensely entertaining

By Staci O'Neill

This book and its predecessor are the best books I have read in a long while. I was reminded of Douglas Adams and Terry Pratchett, but with a slightly more practical side. I had a very difficult time putting them down and read much later into the night than I should have. I look forward to the third book in this series, it really cannot come out soon enough!
