# **PROJECT SCARECROW (THE SERENA WILCOX MYSTERIES DYSTOPIAN THRILLER TRILOGY BOOK 4) BY NATALIE BUSKE THOMAS PDF**

Serena Wilcox struggles to stay one step ahead of the grandfather paradox in futuristic America, where time travel is now possible. Time travel technology is classified as top secret Project Scarecrow, but Project Scarecrow is compromised. Serena and her crew are hired by the Gödel Solution Institute to catch the mystery villains before history is maliciously altered.

Serena is a clever and flippant detective who solves crimes by following her whims. Is she the best choice for the world's first time travel investigator? Agent Estep doesn't think so, and he never misses a chance to remind everyone of his objections. Meanwhile, Estep is saddled with "managing" Serena with the help of techie-gypsy eccentric burned agent Beav and a crew of scientists, agents, and military experts.

More about the Serena Wilcox Mysteries:

Serena Wilcox is a quirky former private detective, a happily married wife, and a mother of three. While Serena is far removed from the political scene, President Ann Kinji is drowning in a divided nation riddled with conspiracies, power-hungry government and criminal politicians. President Kinji calls upon government outsider Serena Wilcox. Can Serena save the day with her unlikely crew of vigilantes and burned agents?

The Serena Wilcox Mysteries began with three novellas published from 1998-2000 that developed a cult following (Gene Play, Virtual Memories, Camp Conviction). The Serena stories evolved into a popular series of fast-paced full length thrillers beginning with book one, Angels Mark. The series has a total of 12 books, plus a spin-off series called "10 Chapters".

The Serena Wilcox Mysteries is an unusual series with unconventional themes. Because the books are fast, clean reads, they are a good choice for reading while traveling, sharing with YA readers, or nominating for a book club selection.

The next two books in the series after Project Scarecrow (book 4):

Ruby Red (book 5): To investigate the men of the future, Serena must journey into the past. The government entities of the future are beyond sinister and they will stop at nothing to gain power over time travel technology. They threaten GSI, Serena herself, and ultimately the future of the entire planet. Why are the men of the future obsessed with the horrors of the past? Can Serena uncover what they are doing before it's too late?

Future Beyond (book 6): Serena Wilcox investigates corrupt governments of the past, present and future with her heroic crew. Serena is attacked by an evil power that manipulates her memories and uses them against her. The future of the world depends on her ability to see the difference between the truth and deception. Is Serena strong enough to fight against the evil that lurks in the future beyond? And what if the monsters of

the future are ourselves?

The Serena Wilcox Mysteries in chronological order:

1. Gene Play (novella 1, 1998)
2. Virtual Memories (novella 2, 1999)
3. Camp Conviction (novella 3, 2000)

Time well spent

By Adajori

I wanted to write that I Really enjoyed your Project Scarecrow! Finished it last night. Only problem, is that I wasn't prepared for it to stop! Now I have to wait to find out what happens.....darn it. :)

Project Scarecrow The Serena Wilcox Series

By sblettuce

One of the best in women sleuth series to come out in the literature. Excellent character and story line development. Keeps moving and adventure, plot and suspense is high. Five star review!

Another fantastic story with a fresh outlook

By Miki

This story takes Serena Wilcox and her friends in an entirely new direction. I have always loved fantasy and was thrilled to see the time travel theme. This book is meant for people who aren't afraid to let their imaginations take over. One thing I love about the Serena Wilcox books is that they spark so many ideas in my own mind. I also loved that she did not try to write hard science fiction; the science in the book won't make your head hurt. As always, the characters are fun and highly individual, and the book is very well written.

If you want a highly entertaining story that will take you out of the mundane world, then buy this book immediately. You will love it. I hope the next one is out soon, because I can never wait!
