The Battle for Territory!

By Bailey Roemer

This book in the series will show how determined Kallik, Lusa, Toklo, and Yakone are to keep their territory from the mange pelted wolves. You will meet many new brown bears in this book that will help and hurt the 4 bear's journey, but in the end they come together and create a creative plan to get rid of the wolves. If you are reading the series in order this particular book will show you Toklo's childhood back then and present day because this book takes place in his birth place, but if your new than I advise you to start from the beginning to get a feel of how this whole journey started.

Happy Reading!

Good book.

By Kindle Customer

I loved this book, it might have a little bit of death in the series, but to me this book is still quite interesting. If you do not if you can handle bears fighting sometimes and blood, and to see how animals struggle in life,you might not want to read this book. Thank you for reading.

Great Series

By Vickie Albrecht

I started reading this series because my grandson was reading It and I wanted to share the love of reading with him. I have truly enjoyed the series and would recommend to anyone. We have had many talk about the adventures of Toklo, Lusa and all their friends. Great story
