It can be one of the appropriate sources to establish your writing ability.

Review

Tilly is able to view history from an exceptional height in this short, highly readable book without losing attention to historical complexities. This book presents the lifelong thinking of a leading scholar and sets important research agendas for students of social movements in the twenty-first century. Essential for all collections. --Choice

Takes its readers on a tour of modern world history to show that within less than two and a half centuries a distinct political form arrived the social movement. . . . Tilly s recognition of changing political environments for movements is a step forward to looking at how this institutionalized political form actually hinges on the state-society relationship in contemporary societies. --Citizenship Studies

About the Author

Charles Tilly was Joseph L. Buttenwieser Professor of Social Science at Columbia University, and author of fifty earlier books. Just before his death, he was honored with the Social Science Research Council's prestigious Albert O. Hirschman Prize. A founding friend of Paradigm, Tilly is author of several other Paradigm books including most recently, Explaining Social Processes.

Lesley J. Wood is Assistant Professor of Sociology at York University. Her work on globalization and social movements has been published as book chapters and in the journals Mobilization and the Journal of World Systems Research. She is currently working on a monograph about diffusion and direct action tactics.

SOCIAL MOVEMENTS 1768-2012 BY CHARLES TILLY, LESLEY J. WOOD PDF

The updated and expanded third edition of Tilly's widely acclaimed book brings this analytical history of social movements fully up to date. Tilly and Wood cover such recent topics as the economic crisis and related protest actions around the globe while maintaining their attention to perennially important issues such as immigrants' rights, new media technologies, and the role of bloggers and Facebook in social movement activities. With new coverage of colonialism and its impact on movement formation as well as coverage and analysis of the 2011 Arab Spring, this new edition of *Social Movements* adds more historical depth while capturing a new cycle of contention today. New to the Third Edition Expanded discussion of the Facebook revolution-and the significance of new technologies for social movements Analysis of current struggles-including the Arab Spring and pro-democracy movements in Egypt and Tunisia, Arizona's pro- and anti-immigration movements, the Tea Party, and the movement inspired by Occupy Wall Street Expanded discussion of the way the emergence of capitalism affected the emergence of the social movement

For Class- And Life

By Dana

bought this for class but may end up keeping it because it's a good reference for social theorists even after graduation

0 of 3 people found the following review helpful.

Two Stars

By ScubaChic

Somewhat painful to read. While historically interesting, the book is definitely not one I would recommend for 'interesting reads.'
