This 2017 edition of our review book is for exams between April 1, 2017 and February 28, 2018.

Teeline publishes compact reviews for the CPA exam. Our books and posters are meticulously researched, and we write with full context and clarity.

We do not believe students must memorize 300 pages of review to pass the CPA exam. And, given fewer pages, we find that students have greater retention.

To lighten our books, we use wider page margins, decrease font, and eliminate redundancy. We use tables because they structure and compare information efficiently. We teach with examples. And we improve the quality of our writing.

The result is FAR in 72 pages.

Excellent. Use T-accounts!

By Erica E. Turner

Great book! Using T-accounts for problem-solving gives you the best chance to pass the exam. Allows you to answer questions by rote, without critical thinking, and saves time. Teeline has all applications: cash-to-accrual, cash flow statement, inter-segment transactions and foreign currency transactions. Highly recommended.0 of 0 people found the following review helpful.

So happy a book like this exists

By J Wang

So happy a book like this exists. For an exam as big as FAR, I don't have time to learn every variation of every detail that could potentially be on the exam.0 of 0 people found the following review helpful.

Perfect reference book

By Amazon Customer

Perfect reference book. Packs a lot of details in 70 pages. It may not have everything, but all I'm trying to do is pass and prepare for the next one. See all 4 customer reviews...
