Praise for **THE DEVIL'S INTERN**:

* "A comic, time-traveling trip to Hell and back. . . . Just outstanding fun for those who enjoy snarky comedy and suspense."--Kirkus Reviews, Starred Review

* "Interesting characters, nonstop adventure, and humor with a touch of heart will not disappoint teens looking for a dark comedy."--School Library Journal, Starred Review

"In a tale that swings from dead funny to dead serious . . . Hosie incorporates uncommonly savvy thinking about the paradoxes and logical consequences of changing the past." --Booklist

This sequel to *The Devil's Intern* (2014) sends the familiar characters plus one on a new and crucial mission. The snarky humor that made the first book a standout is still on display as Mitchell continues his internship in Hell's accounting office, joined by a new assistant, narrator Medusa. Alfarin, a Viking prince, and Elinor, who died in the Great Fire of London, round out the posse. It seems that someone has stolen a Dreamcatcher used by The Devil to keep his horrifying dreams from destroying the world. It also seems that the thief is Medusa's stepfather, an abusive monster who has escaped from the worst pit of Hell. Tasked with catching him, Medusa and her friends team up with a group of angels, including Joan of Arc, who pursue the same

prey. The two teams have some difficulty getting along, but when they learn just how high the stakes really are, they find ways to work together. Sadly for them but happily for the book, the forces of evil literally seem always to be one step ahead. Hosie spools out her marvelous dark humor, making the first half of the book an utter joy to read, although the plot demands more focus on action later. Readers may well wonder why these eminently likable characters have been consigned to Hell, but apparently in some cases it is merely a bureaucratic error. More splendidly hellish fun. (Paranormal suspense. 12-18) --Kirkus Reviews

A very awesome book cover

By Tony Parsons

Olivia Pallister (16, suicide, Team DEVIL, aka Medusa Pallister) interviews for an accounting intern.

Her boss is Lord Septimus (Devils head accountant, former Roman General).

Mitchell Johnson (Team DEVIL intern) also works for him.

What will happen between Medusa Pallister & Mitchell Johnson?

What is the dreamcatcher?

What is it between Team Devil & Team Angel?

Warning: This book is for adults only & contains extreme violent or graphic adult content or profanity &/or sexually explicit scenarios. It may be offensive to some readers.

I did not receive any type of compensation for reading & reviewing this book. While I receive free books from publishers & authors, I am under no obligation to write a positive review. Only an honest one.

A very awesome book cover, great font & writing style. A very well written paranormal book. It was very easy for me to read/follow from start/finish & never a dull moment. There were no grammar/typo errors, nor any repetitive or out of line sequence sentences. Lots of exciting scenarios, with several twists/turns & a great set of unique characters to keep track of. This could also make another great paranormal movie, animated cartoon, or mini TV series. Not my normal read but I liked it. There is no doubt in my mind this is a very easy rating of 5 stars.

Thank you for the free Goodreads; holiday house; ARC; paperback book
