FUN

By C. Lee

This book may not be entirely accurate, but it's a lot of fun. My friend had this book and we sat around reading our birthdays and how our relationships are due to our birthdays and it was so much fun. You find out things that bring you luck, how you should treat a person in a relationship from their birthdays(not entirely inaccurate), but most of all its just a good time sharing this book with your friends and family. I bought this book for myself and have had people borrow it as well as bought it as a gift for a friend who was having a baby. She loved it!
