Story Description:

Sophie Perkins had been working at Wilkinson & McFey, one of London's top boutique advertising firms, for a month, and so far Anna McFey, her very hot boss, had barely noticed her at the reception desk. Little does she know that in her dreams she's possessed her in every erotic way a woman can have another woman, and then some. When Anna needs a sharp secretary for an important presentation, Sophie devises a plan to show Anna McFey that her skills go far beyond answering phones and making copies. Sophie knows exactly what her HOT Lesbian boss Anna needs and how to give it to her. She'll prove she makes a great partner, in the boardroom, bedroom or even right on her desk!

This 7000 word story contains graphic language, erotic situations, oral sex, light BDSM, and it is very much a story for adults (18+)

Story Excerpt:

One of Anna's hands slid under her skirt, just caressing the soft skin of her inner thigh. She half expected it left a trail of burnt skin but she didn't take time to look. The fingers moved higher, tracing along the sensitive flesh of her upper thigh. She let out a groan at her firm, knowing touch. She was only inches away from her moist, ready pussy and she moved toward her hand, wanting and needing her touch, but she moved her hand back toward her knee.

"Not so fast, young lady."

She pressed her breasts up against Anna's breasts and nibbled at her lower lip, groaning in frustration.

"I'm still the boss, aren't I? And you said you'd do what I needed, didn't you?"

Damn her to use her own words against her! "I guess so. What do you need?"

"First, I need to lock the door."

"I already did that." The words came out in a breathless tumble. She was so hot for Anna right now, and here she was slowing things down.

"Good. I guess you deserve a little reward for planning ahead." She patted the top of her desk and she stood up and resettled herself there. Anna leaned back in her chair, legs spread wide. She noticed she had taken off her knickers, god this woman was hot, and she was wet too. Such a beautiful sight, she wanted her more than ever.

Knowing she wanted Sophie as much as she wanted her, the glimpse of her eagerness let loose another liquid rush between her own legs.

"Lift up your skirt and let me see you."

A twist on the office romance...

By Mollyloveblue

I LOVE office romances. There's just something so taboo about getting it on in such a non-private place. I mean, an office is a place of business, not SEXUAL BUSINESS ;) The setting, combined with the non-traditional sex between two women was enough to make me feel good in all the right places. I thoroughly enjoyed this book, and there's lots of detail packed tightly into the perfect-sized read. Five stars, definitely!

Sexy Desk fun!

By Heather

Every time I read stories like these the more I want an office job and a nice romp on a desk. I have never been so worked up to go out and get a new job then after reading this story. I could picture myself at the demands of my hot, sexy female boss and I just cannot get enough of that idea. An amazing sexy story that was hard for me to put down! I plan on reading it again....and again.
