About the Author

Barney Stinson is awesome. He works for a powerful bank in New York City but somehow finds time to “suit up” and help the less fortunate, in particular his lovelorn and all together pathetic bro Ted Mosby—seriously, that dude’s got probs. When Barney’s not staging private bikini calendar shoots, test-driving tanks, or elbow-deep in another legendary activity, like riding a tiger bareback or blowing up a guitar, he can be seen on the hit CBS show How I Met Your Mother with his friends Ted, Robin, Lily, and Marshall.

Matt Kuhn is a staff writer for the CBS hit show How I Met Your Mother and also produces Barney’s Blog for the show’s website. He lives in Los Angeles, California, which is conveniently where he works.

THE HISTORY OF THE PLAYBOOK

While the collection of plays presented here hails from the incomparable mind of Barney Stinson, it is by no means a new endeavor. In fact, devising schemes to seduce women has been man's primary occupation since before the dawn of history. The proof exists in prehistoric cave paintings.

Cavemen would return home from a hunt carrying one of their buddies, Urk, on their shoulders. They would describe through spirited reenactment what a "dangerous" kill it was and how Urk bravely climbed atop the saber-toothed tiger or mastodon or triceratops or whatever. To help sell the story, they drew pictures of the event on the wall using charcoal and ochre.

Thanks to his bros, Urk would score some major cave tail that night while the others played "rock rock rock" to decide who would be the next day's hero (Urk became ineligible for a week). On the next hunt the men would quickly kill an animal and then spend the rest of the day choreographing the big reenactment and arguing over which cave chicks would look the best clothed. Creating the myth of the all-day hunt served two purposes for cavemen: it got one guy some easy action and got the rest out of a full day of gathering and nagging.

While The Hero of the Hunt is as old as The I Discovered Fire, it's actually not the oldest trick in the book. That would be The I Love You—which of course had an extra level of complexity before the invention of language.

Surprisingly, the next attempt to record plays didn't occur until the thirteenth century, when monks spent their entire lives writing down seduction scenarios in collections called illuminated manuscripts. Tragically, they were all destroyed by a gaggle of angry nuns.

But, Barney, why would monks spend their entire lives scheming up ways to sleep with women when they had taken a vow of celibacy?

I think you just answered your own question, fake reader.

Suit Up!

By Ryan Matthews

This is a hilarious read, another gem from the 'How I Met Your Mother' series. The "plays" Barney Stinson uses to pick up women would not work on a girl with half a brain in real life, but nevertheless, it's fun to think about trying to pull off some of these moves on girls. You take it for what it is-- a great extension of a great episode of the show. The ones featured on the show are there: "The Mrs. Stinsfire", "The My Penis Grants Wishes", "The Cheap Trick", "The Scuba Diver", "The He's Not Coming", "The Snasa", "The Don't Drink That!", "The Ted Mosby", "The Scuba Diver", and among others, my personal favorite, "The Lorenzo Von Matterhorn."

There are exactly 76 plays broken down into sections from the basic to the advanced. Each play has its own fact sheet. You're given a success rate, what type of woman the play attracts, the requirements to perform the play, the prep time, and the "bummers", which is a way of saying "but here's the catch."

From there, the play is broken down into steps. The rest is self-explanatory.

I won't explain any of the new plays in detail, but I'll give you a couple play names so as to build a little intrigue:

- "The Little Orphan Barney"
- "The Ghost"
- "The Mannequin"
- "The Confused Inheritor"
- "The Ballet Defector"
- "The Vampire"
- "The I Can Land This Plane"
- "The Trojan Lesbian"
- "The Ghost Of Christmas Future"

It carries much of the same type of humor as 'The Bro Code.' It follows common stereotype assumptions of men and women, leaves little remarks, anecdotes and/or tips at the end of some plays (and in between) and extensively uses sarcasm to make very obvious points. If you're a fan of 'The Bro Code', I highly recommend picking this up. It's creative and smart and I doubt would be offensive or repulsive in any way to anyone. As a matter of fact, I think it appeals just as much to women as it does men, especially those women who have been the target of some ridiculous pick-up scheme (I'm guessing that's somewhere in the range of most to all). After all, they're the "victims" in this, so to speak. Might as well make light of it.

Like the show, 'The Playbook' is well thought out, well executed, and well... just plain quirky. Hopefully it wins your praise as well.

Note: The episode this book is based on is called 'The Playbook.' It's episode 8 of Season 5 and the 96th of the series.
