## The Real Adventures of "DENNIS THE MENACE"

© North American Syndicate, Inc. - Derivative

My famous sports dad, "Elly" liberated me from an orphanage. Shortly after bringing me home, a golfing buddy created the "Dennis the Menace" comic strip. For "Dennis," he used a cute but mischievous child that was the spitting image of me.

A decade later, Dad was waiting for the 34th President of the United States to arrive by helicopter to play golf. I was hiding a short distance away with my BB gun pumped and ready. I was also waiting for the President!

It can be the one that really enjoy reading.

# THE REAL ADVENTURES OF "DENNIS THE MENACE" BY ELLSWORTH "ELLY JR." VINES III PDF

"This is a fast paced light hearted read which will keep you entertained while you alternate between gasping in disbelief and laughing out loud.

Fathered by an aeronautical engineer whose genius helped land Ed "Buzz" Aldrin and Neil Armstrong on the moon. He was abandoned at an orphanage immediately after birth and adopted by the man who Los Angeles Times sports writer Jim Murray claimed may have been the greatest athlete of all time.

Although his name was not Dennis, substantial evidence shows that his unusual image and talent for getting into trouble caused Hank Ketcham (a very close family friend) to use him and his father for the creation and continuation of the comic series, "Dennis the Menace."

He was all too often left alone at home bored with nothing to do but think up ways to entertain himself to the annoyance of his neighbors. The most notable targets of his annoyance were movie stars like Frank Sinatra and other celebrities including at least three out of the four US presidents he came in contact with (Eisenhower, Nixon, Kennedy and Ford.)

Warning: This book is filled with sarcasm and misadventures that would cause any parent to shutter!"

Fake Dennis Is Not Very Interesting

By Philip S. Wolf

Well, here's something That I could do without and be quite happy.

The author isn't the son of Hank Ketchum who based the cartoon on a five year old Dennis Ketchum and the entire idea for this book seems to be a work of fantasy. The illusion presented here is that this author Elly

Vines ( in some other world distant from this one) believes he is the 'real Dennis and Hank observed him and based all of his comic ideas upon his actions.

This was a spoiled kid and there is an issue with an ego larger than Montana if the author thinks that any fan of the cartoon would be able to extract any value from this book.

One Star

This book was downright fun!

By JCB

EI's childhood was definitely a fun adventure filled with larger-than-life characters and more-than-the-average-amount of anti-authority imagination and cunning. I am just relieved that my son was not as creative with devilish mischief as was EI! JCB

Good Read

By R A H

Very good read. Fast, fun and good insight. The real Dennis is quite a person. I enjoyed the book a lot.
