THE RED WIFE (WITHOUT RULES BOOK 2) BY TYFFANI CLARK KEMP PDF

Mariss Red is wholly devoted to her husband, Holden. Despite her fling with Sebastian Boa a few months ago, her husband has her heart. But Holden knows about Mariss' little indiscretion. Now, the three of them have a whole new set of rules.

Their sex life isn't the only thing making waves. Things are further complicated by the return of people Mariss hoped were gone from her life for good. When dark secrets from Mariss' past surface, it puts everyone in her life in danger. The loss of the one thing that means more to her than life itself turns Mariss' life upside down in a way she never thought possible.

As The Red Wife struggles to put her life back together with pieces from a different puzzle, she must decide which picture she wants to paint.

Look for the final book in the trilogy, The Power Couple, coming September 2014.

Wow this was a great book

By Amy

I WON THIS BOOK IN A CONTEST!!!

Mariss and Holten, how will she tell him what she has done, will he forgive her? Sebastian is always there, always pushing her. When tragedy strikes, Sebastian is always there to pick up the pieces, but somethings he just doesn't handle well. His feelings kept tucked neatly away though everyone can see how in love he is, but will he finally tell her? I can say this book was one I couldn't put down, I read it in one day, it was that good!!! The author puts so much into it, so much emotion, so many lives changed. I was cheering for these

two the entire time!! I am so glad the first book was free over the weekend, on a whim I took a chance, never having read this author before. I am so glad I did!!! This was intriguing with everything going on, how their friendship and love for each other comes out on top when things go so wrong. Read the first book Man Without Rules then read this one. You will not be disappointed!!!!!!

I will definitely be reading more from this author!!!

Flawless

By Roxy Kade

This has to be one of the best adult contemporary erotic romances I have ever had the pleasure of reading.

I have to admit that I haven't read the first book in this series, and I probably should have, because at the beginning of this book I felt like the odd man out. As the characters partied it up, as Marris and Sebastian shared knowing smiles and looks, I knew there was so much more to this story and it obviously all went down in the first book; but, having said that, it took nothing away from this book. In fact, it actually added a sense of mystery to the story and I cannot wait to read A Man Without Rules.

I really got sucked into this story when a devastating turn of events shattered Marris' life, and the emotions just flowed from the pages from that point on, as she tried to put herself back together with the help of some amazing friends.

Mariss' relationship with Sebastian was complicated. There was an obvious attraction and plenty of chemistry, but Bassy's way of life meant he wouldn't become emotionally involved, therefore Marris was forced to do the same. I really loved how mature their friendship and relationship was. They knew what was expected of them and what they each expected, and even though deep down there was a longing for more, they never allowed their feelings to mess with things. There were times that both of them showed their jealous streak, but that only intensified the sexual tension between them. I really fell in love with them as individuals and as a couple. They were fun and witty people that I could get along with in real life. I loved their sarcasm, I understood their moodiness, and my heart ached for both of them when life seemed to drown them in misery.

This book was emotionally charged with tons of humor, great sex scenes, even better friendships, and the ultimate test of how love can change people for the better. With a solid plotline, clean and crisp writing that held my attention throughout, and exciting characters, I can only describe it as flawless.
