Perfect read for the festive season...

By bleachhouselibrary

Hazel's twin sister, Lila, is getting married and asks Lila to be her wedding planner. Hazel was always the tomboy while her sister was into sparkles and ballet, but Hazel has a talent for picking just the right venue, food and extras. Lila's wedding is perfect and Hazel finds herself in demand. With a new flatmate and new career option, all is well in Hazel's world. There is one thing missing though. Her best friend, Sam. They grew up together and were like two peas in a pod, until last Christmas, when Hazel tried to kiss him. Since then, contact has been lost and she misses his presence. Watching all her clients, loved-up and ready to embark on their married lives, she feels a bit lonely. Is it case of always the wedding planner, never the bride?

Abby Clements has written a novel full of festiveness. Hazel is a sweetheart, who would do anything for anyone and makes the perfect wedding planner. Calm, concise and enthusiastic, without being brash or bossy. Her love of food wafts of the pages and similarly, the Christmas season is brought to life as the book approaches its end. The couples planning their wedding couldn't be more different yet Hazel deals with them all in a general way. There's no need for drama or meltdowns when Hazel is around. She misses her twin

sister when she moves out to get married but new flatmate, Amber, more than makes up for it. She is a whiz in the kitchen and is always there to brighten up Hazel's day. The only thing is, she has started dating Sam...

This is a wonderful, easy read. You can tell the author adores all things Christmassy and all the reader needs to do is sit back, relax and picture the cakes, the dresses and the atmosphere. No invitation required. An ideal read for over the holidays.

Review: 'The Winter Wedding' by Abby Clements

By Jody - "A Spoonful of Happy Endings"

Hazel works at a TV production company and she knows a promotion must be coming her way soon, especially after all her hard work. Now her twin sister Lila has moved out of their London apartment, Hazel can definitely use the money. But when the promotion is unexpectedly given to someone else, Hazel realises she needs to find another way to pay the rent, next to finding a new roommate. When her sister Lila and her fiancée Ollie ask Hazel to plan their wedding, Hazel ends up enjoying it so much, she decides to become a wedding planner. But dealing with couples about to get married is not as easy as it seems, especially not when your own love life suddenly starts to take its own surprising course as well...

Another simply amazing read by Abby Clements and one that brings together so many topics I love: from sisterly bonds to friendship to baking to Christmas to weddings to romance... 'The Winter Wedding' is a fantastic read which I enjoyed from start to finish and can't recommend enough to any chick lit fans out there. I'm a big fan of Abby Clements' writing; it almost felt like I was flying through the pages. I loved the relatively short chapters and didn't at one point feel like putting the novel down. It held my attention throughout and I just wanted to finish it, seeing what would happen to the different characters and how the various storylines would eventually be brought to a close.

I really liked Hazel, the main character in the book. She was easy to like, just like all the great secondary characters, such as Hazel's twin sister Lila, her colleague Josh, and her new roommate Amber, who each had something to bring to the story. If I have to think of one thing I would change about this novel, I would add a bit more Christmas and festive cheer, but that's the only thing. I am sad I finished the book so quickly and would love to have a new Abby Clements novel waiting for me, so hopefully her next release will be upon us soon. Overall, 'The Christmas Wedding' is an uplifting, heartwarming, well-written chick lit read; perfect to curl up with on a cold winter day (or any other day of the year, really)!

One of my all-time winter favorites

By Suze Lavender

Hazel has a creative job at a TV production company and is being promised a promotion. She needs the money, because her sister Lila has just moved out of their apartment and she can't afford to stay there on her own. Hazel and Lila are twins, they have always been close, but their personalities are very different. Lila is a ballet dancer who's still waiting for her big break. She has found the love of her life and she and Ollie want to get married as soon as possible. When their wedding planner cancels Lila asks Hazel if she wants to plan her wedding. Hazel loves doing something this meaningful for her sister and she does it well, so well that she's being asked to plan another wedding. And another one... She's great at looking after other couples, but what about Hazel's own love life?

The Winter Wedding is such a wonderful story. It's perfect to read on a cold winter evening. This book has everything I love; sisters, cake, creative main characters, romance, weddings and friendship. I started reading as soon as it landed in my mailbox and I read it in one sitting. The story enchanted me and I couldn't put it away. I love the way Abby Clements writes her novels, they're sweet and vivid with main characters the

readers will love immediately. There's always a lot going on and the stories are fast-paced, but they also have a dreamy quality which makes them soft and smooth at the same time.

Abby Clements writes books I really love. I've read all of her books and highly recommend each of them. *The Winter Wedding* is another great one. I enjoyed reading this story very much. I especially loved how Abby Clements manages to make Hazel's creations come to life and how Lila is almost dancing off the pages. It was like I could see them and it's clear there's a lot of vision behind those scenes, that's why I enjoyed that aspect of the story the most. I'm definitely going to read this book again, it's already one of my all-time winter favorites.
