4 stars

Transforming Love is a quick, intensely sexual ride. Perfect for when you're in the mood for a scorching hot shifter read with just the right amount of intrigue to keep you interested and enough action to satisfy your inner adrenaline junky.

My only complaint would be that, like many shorter novellas, I didn't quite get the depth from the characters that I'm always hoping for. BUT I was so caught up in the potential relationship between Jenny and Gryph that I couldn't put it down. In fact, I think Gryph's character was what kept me so excited. The guy is a Grade-A Alpha who holds no punches. He knows what he wants and will risk everything for the woman he loves. Just my kind of guy ;)

Recommended for shifter lovers who like 'em Alpha!

Good story, but rather rushed feeling

By Michelle

A quick read with a bit of heat and at least once beefy shifter dude. For the most part this book follows a common plotline of males having to compete to win the right to mate with a very eligible and desirable young female, but it does put in a few quirks of its own.

Overall I enjoyed this book, though I did find it a bit disjointed as the action often skips right from one thing to another with very little transition or explanation. Not so badly that you can't understand what is going on, for there is enough basic explanation provided at all points to allow you to follow the story easily, but the relationships especially seem to develop with little reason behind them. For instance, while there is obviously immediate and intense chemistry between Jenifer and Gryph, they go from simply being in lust to being ready-to-die-for-you in love with one another seemingly overnight with very little buildup or getting-to-

know-you involved. Yes, much of it can be explained via the concept of destined mates, which I'm sure is what is intended to be involved here for them, but I still would have liked to have seen a bit more progression to their relationship besides going straight from "you're hot and I want to do you" to "I love you so much and I'm willing to die for you".

In summary, I'd say this book is a nice way to kill a few hours, and it won't take you much longer than that to read it. It's quick, it's simple, and there's a few smoking hot sex scenes along the way to keep it interesting. Anyone into shifters will probably want to check this one out.

Transforming Love

By Ava Renee

I was sucked in to this story almost immediately! It packed quite a wallop of a punch for a short read. It was a satisfying, fun, funny, exciting, sensual and magical story that had me gripping my ereader tightly at many points in suspense. Every alpha shifter or paranormal lover will have fun with this quick and sexy read :)

Jenny just desires to be free, free to travel, free to just be. When she finally gets the opportunity to do so fate has other ideas. Stuck in the middle of nowhere because her car broke down, she just makes the best of it and moves forward, unknowing of where the road will lead or even where she is! Finally at a destination, of sorts, she enters a place that is full of all male patrons. Not quite comfortable, but having no other choice she braves it all and asks for help only to find she's in the place her family has been avoiding her even knowing about her entire life. Walking through that door and meeting Gryph changes EVERYTHING for Jenny.

Gryph is an extreme alpha male and not just figuratively speaking, very good looking and he's alpha of the Koning Clan. He's ready to fight in the Slag (an event that the winner gets the prize) and gain what is his. But many obstacles stand in his way. One of them being the one he wants for his mate, Jenny.

Many secrets kept and finally revealed, truths finally told and surprises that will stun you to pause. The two main characters will have you chuckling at their antics and refusals of admission. Both go through immense changes by the end which led to a very satisfying ending.
