Great book!

By Tina W.

Woozers! I had no idea what was going wrong in my relationships until now! This book highlighted the issues with jealousy and insecurity in a way that is easy to comprehend. I would recommend this book to anyone having jealousy issues with their partner and has no clue why. It sheds light on the connection between jealousy and insecurity and the differences between the way men and women view them. Totally worth the buy!0 of 0 people found the following review helpful.

Root of Jealousy

By Emily Gilbert

This book really made me understand the root of some of mine and others behaviours. Jealousy is not just what everybody thinks, it is built upon our insecurities. In fact, the author also gets through all the manifestation of insecurity that we can find in the person we are in love with, things that in my opinion make a relationship become toxic on the long run. The book does also include tips on how to overcome the jealousy symptom and I found them really useful. Recommended book.0 of 0 people found the following review helpful.

that the book centers on that which makes it boring. Why not tell a story then discuss after

By Anna Bennova

It doesn't give proper examples on the topics it discusses. Talks about personal experience too much, particularly the author's relationship with her husband, that the book centers on that which makes it boring. Why not tell a story then discuss after. It is helpful though in a way that it helps the reader understand more about insecurities but it becomes boring later on. See all 4 customer reviews...

WHY DID I DO THAT? HOW TO BEAT THE CYCLE OF INSECURITY AND JEALOUSY IN YOUR RELATIONSHIP (DATING ADVICE FOR WOMEN BOOK 2) BY ANN MEADOWS PDF
